

## 1ST INTERNATIONAL FEED TECHNOLOGY CONFERENCE

Wageningen University and the Victam Foundation will host the 1<sup>st</sup> International Feed Technology Conference (IFTC 2019) directed towards the evolvments in animal feed processing. The conference will take place on June 12 & 13 during VICTAM International 2019 at the KoelnMesse in Cologne, Germany.

### *JOIN IFTC 2019*

The 1<sup>st</sup> International Feed Technology Conference will bring together people from the universities, the animal feed industry as well as international researchers in order to exchange their knowledge and expertise, to share technical and scientific developments in the fields of animal feed technology and to discuss research results. The organization sincerely hopes that the Feed Technology Conference will serve as a medium to enhance the cooperation between industry and universities to create innovative projects and collaborations.
